

Let's paint a chrysanthemum

1. Stem and leaf with thinned green paint.

2. With pale hue paint, begin the blossom with petal brackets.

3. Add more petals continuing the petal brackets. Deepen the color as you add petals.

4. Paint lower petals with a "comma-like" brush stroke.

5. Add stem and sepals for a flower bud.

6. Complete flower bud.

COMPLETE with a bit of SPATTER!
